THE HOFSTRA CHAPTER OF THE
AMERICAN ASSOCIATION OF
UNIVERSITY PROFESSORS

PREAMBLE

The purpose of this Agreement is to provide the faculty and administration of Hofstra University with a contract which will insure a healthy and viable institution of higher learning, capable of supporting a quality program of teaching, research, and public service. The Agreement aims at maintaining educational excellence, facilitating effective faculty participation in decisions affecting the welfare of the University, assuring fair and reasonable conditions of employment and providing techniques and procedures for the peaceful adjustment of disputes, should these arise.

To this end the faculty and administration have, through their representatives, negotiated this Agreement as follows:

ARTICLE 1: LIST OF DEFINITIONS

1.1 ADMINISTRATION: The Board of Trustees of Hofstra University, a private institution of higher education chartered by the Board of Regents of the State of New York, and such administrative officers as may be appointed by the Board of Trustees.

1.2 AAUP: The Hofstra University Chapter of the American Association of University Professors.

1.3 FACULTY MEMBER: For purposes of this Agreement, a member of the bargaining unit, as defined in Section 2.2 of this Agreement.

1.4 REGULAR ADJUNCT FACULTY MEMBER: A part-time member of the bargaining unit, as defined in Section 2.2 of this Agreement.

1.5 BARGAINING UNIT: Unit of employees as described in Section 2.2 of this Agreement.

1.6 UNIVERSITY FACULTY PERSONNEL BOARD (UFPB) as defined in Article 5 of this Agreement.

1.7 DEPARTMENTAL PERSONNEL COMMITTEE (DPC) as defined in Article 5 of this Agreement.

1.8 UNIVERSITY APPEALS BOARD (UAB) as defined in Article 5 of this Agreement.

1.9 JOINT STANDING COMMITTEE (JSC) as defined in Section 4.8 of this Agreement.

ARTICLE 2: RECOGNITION OF THE AAUP

2.1 The Administration hereby recognizes the AAUP as sole and exclusive bargaining agent for the faculty, professional librarians, and speech clinicians as defined below.

2.2 Included in the bargaining unit are all full-time faculty, including those holding special status, professional librarians and speech clinicians, and all regular adjunct faculty (defined as those who are currently teaching and have taught at the University at least six (6) hours per academic year for two academic years exclusive of summer sessions and intersessions), all part-time professional librarians and part-time speech clinicans.

2.3 Excluded from the bargaining unit are: academic deans of all ranks, teaching deans, faculty holding visiting rank, part-time faculty who teach only in summer and/or intersession, military officers serving in the Department of Military Science, all faculty members in the Law School, all department chairpersons; and in the Library, deans, associate deans, assistant deans, and department heads; and all other administrative personnel of the University, all non-professional employees, and all other employees of the University.

2.4 No person excluded from the bargaining unit as set forth above will represent the Faculty on the University Senate or any of its committees.

ARTICLE 3: FACULTY STATUTES AND FACULTY POLICY SERIES

3.1 The parties hereby acknowledge that the Faculty Statutes (hereinafter "FS") and the Faculty Policy Series (hereinafter "FPS") constitute the fundamental documents which govern the rights and responsibilities of the Faculty of Hofstra University, subject to the provisions of this Agreement.

3.2 The provisions of the FS and FPS are binding upon the parties unless modified by or in conflict with this Agreement, in which case this Agreement will control, and the FS and FPS are hereby incorporated by reference into this Agreement.

3.3 During the term of this Agreement, no amendments to the FS or FPS or any University practice which would void, alter or in any way modify any provision of this Agreement will be enacted or effectuated without the consent of the AAUP.

3.4 Any and all proposed amendments to the FS or FPS duly passed by the University Senate and Faculty or Faculty alone will be submitted to the President who will reply in writing or submit same to the Board of Trustees, which in turn will reply in writing (and where the reply is negative, will state its reasons therefor) within five weeks after the next meeting of the Board of Trustees, but in no event more than 90 days after submission to the President.

3.5 Management rights and functions, except those which are abridged by this Agreement, will remain vested in the Administration, except as provided in this Agreement.

ARTICLE 4: GENERAL RELATIONSHIP BETWEEN THE AAUP AND THE UNIVERSITY

4.1 This Agreement will be binding upon and is exclusively between the AAUP and Hofstra University. All rights and privileges claimed under the terms of this Agreement will be enforceable only by the AAUP and Hofstra University unless otherwise specifically provided herein.

4.2 The rights, privileges and obligations of faculty

members set forth in this Agreement will be incorporated into and made part of any individual contract of employment between a faculty member and the University; all such rights, privileges, and obligations claimed under such individual contracts of employment will be enforceable initially through the procedures hereinafter set forth in this Agreement or in the FS or FPS, whichever is applicable. In the event of a conflict between the terms of an individual contract and the terms of this Agreement, the latter will be controlling. This Agreement will be incorporated by references into employment contracts issued to faculty members. The University will furnish all faculty members with a copy of this Agreement, the FS and FPS.

4.3 The presently constituted organizations within the University, i.e., the University Senate or any other similar body composed in whole or in part of the faculty, will continue to function at the University, provided that the actions thereof may not directly or indirectly repeal, rescind, or otherwise modify the terms and conditions of this Agreement.

4.4 Duly authorized representatives of the AAUP will be permitted to transact official AAUP business on University property at all reasonable times, provided that this will not interfere with or interrupt normal University operations or other faculty members in the performance of their duties.

4.5 The AAUP will have the right to post notices of its activities and matters of AAUP concern on faculty bulletin boards at locations hereafter to be agreed upon between the AAUP and the Administration. The AAUP will be permitted free use of intra-University mail and intra-University telephone service for communications to the faculty.

4.6 The administration will provide the AAUP with an appropriate furnished office, accessible to handicapped persons, in the main Administration building or in a building in close proximity to the main Administration building. In addition, the AAUP will be permitted use of appropriate facilities at the University for its larger meetings, so long as facilities are available and the AAUP complies with the rules and regulations relating to use of such facilities applicable to all members of the University community.

4.7 The AAUP will be entitled to use the services of

departmental secretaries for AAUP business, with the consent of the chairperson of the affected department, which consent shall not be unreasonably withheld. It is understood that the AAUP's use of such secretarial service will not interfere with the normal business of the department, and that the Administration will provide alternative secretarial service in the event that departmental secretarial service is not available.

4.8 A Joint Standing Committee (JSC) consisting of two (2) representatives of the AAUP and two (2) members of the administration will be established to deal with problems and questions relating to this Agreement. This Committee will meet as necessary at the request of either of the parties. The Committee will discuss and attempt to amicably resolve any and all issues other than those specifically provided for in other articles of this Agreement.

ARTICLE 5: APPOINTMENT, REAPPOINTMENT, PROMOTION, AND TENURE

5.1 This article and the appropriate sections of the FS and FPS will govern initial appointment, reappointment, non-reappointment, promotions, and tenure policies for full-time members and will govern appointment, reappointment, and promotion of adjunct and special members of the faculty.

5.2 Each department will elect a Departmental Personnel Committee (DPC) consisting of at least three (3) full-time faculty members from the department. Departments which have regular adjunct faculty (as defined in Section 2.2) shall invite one to serve as a voting member of its DPC. For purposes of this section, the Library and New College will each be deemed a department. If a department has fewer than three (3) full-time faculty members, additional members of its DPC will be chosen from other related academic areas according to procedures determined by the University Faculty Personnel Board (UFPB). No faculty member may serve on a DPC when the DPC considers a case involving either the person or a member of the person's immediate family.

5.3 The function of each DPC will be to develop, with the department chairperson, departmental policies and procedures relating to all personnel matters, except tenure, governed by this Article (see Section 5.1 above). Each

DPC will make its recommendations as set forth in this Article within such time periods as are targeted in Appendix F, annexed hereto. The department chairperson and/or the dean will call initial meetings of the DPC to deal with pertinent matters.

5.4 Each DPC will examine the qualifications of candidates for initial full-time faculty appointment, reappointment, non-reappointment, and promotion. This process will include consultation with the department chairperson and the exchange of written evaluations and recommendations between the DPC and the chairperson. The DPC will then forward its recommendation and evaluation in writing to the dean and to the affected individual. The departmental chairperson will do likewise. The dean will then forward his/her recommendation, which recommendation is addressed to the Provost, to the UFPB, together with the recommendation of the DPC and the chairperson. Then the recommendation of the UFPB and the dean will simultaneously be transmitted to the Provost. All recommendations should be dated and signed by the committee chairperson, and should indicate the names of the committee members. Notwithstanding the foregoing, in cases of initial appointment or reappointment of faculty agreed upon by the DPC, chairperson, and dean, the recommendations will be forwarded directly to the Provost. In cases where there is disagreement between the DPC, chairperson or dean on initial appointments or reappointments such recommendations will be forwarded to the UFPB. In those rare instances where the Provost indicates in writing that time is of the essence, the UFPB will forward its recommendation to the Provost within 10 working days of the date that the dean's recommendation is received and receipted by the UFPB. On matters of initial appointments there is no requirement to forward copies of recommendations to the candidate.

5.5 Assignments of adjunct faculty will be made from a list of adjunct faculty previously approved for appointment by the Provost based upon recommendations of the DPC, chairperson and dean. In cases where there is disagreement between the DPC, chairperson or dean on appointments to the qualified list, such recommendations will be forwarded to the UFPB. The recommendation of the UFPB and the dean will be transmitted to the Provost for a

final decision. Within 15 days of the beginning of the semester, if no list of approved adjuncts is available and the DPC or its representative cannot be called, the chairperson can proceed with his or her recommendation for appointment to the dean. The chairperson of the department, in consultation with the DPC, will determine the assignment of course(s) for adjunct faculty, as defined in Section 2.2, giving consideration to qualifications, suitability and length of prior service.

After eight semesters of service (excluding January and Summer Sessions), if the DPC or chairperson wishes to remove an adjunct from the appointment list, or if the dean requests a review of the adjunct faculty member's status on the appointment list, then the DPC and the chairperson will provide recommendations on that member to the dean. The dean will then forward his/her recommendation to the UFPB together with the recommendations of the DPC and chairperson. The recommendation of the UFPB and the dean simultaneously will be transmitted to the Provost for final decision, except in those cases where the Provost disagrees with the UFPB, in which event the issue will be submitted to the UAB for its recommendation to the President who will then make the final decision. At the individual's request, non-assignment for four consecutive semesters in which the adjunct is available to teach shall be considered the equivalent of removal from the appointment list for purposes of the review procedure contained herein.

Additionally, after fifteen semesters of service (excluding January and Summer Sessions) if an adjunct faculty member is assigned more than four semester hours fewer than the average number of semester hours he/she taught during the last four full semesters, or is not offered any course assignment, he/she will receive written reasons for the non-assignment from the chairperson, in those instances where courses, for which the adjunct is qualified and available to teach, are assigned to an adjunct whose length of service is more than eight semesters less than the affected adjunct faculty member. If this occurs for two consecutive semesters, prior to the next full semester, the adjunct may request a review of the case through the DPC, chairperson, dean, UFPB, Provost, UAB and President, where appropriate.

An adjunct faculty member who has declined courses offered for four consecutive semesters will automatically be removed from the qualified list.

In any review process under this Section 5.5, the affected faculty member shall receive copies of all recommendations and decisions promptly after they are rendered.

An adjunct faculty member with more than ten semesters of service (excluding January and Summer Sessions) will be eligible to apply for funds from the school, college or University research fund and will be eligible to apply for school, college or University travel funds, consistent with the criteria used to award such funds to full-time faculty.

5.6 Prior to the end of the first semester of the fifth year of the probationary period, each probationary faculty member will receive an analysis of tenure criterion number 4 (FPS 15, II, A4 or B4: "fulfilment of some essential function in the long-range needs of the department and/or the University") in relationship to the individual's prospects for tenure. This analysis will state specifically whether it is "likely" or "unlikely" that the probationary faculty member will satisfy tenure criterion number 4. The Provost will provide the dean and chairperson with data regarding departmental enrollments, average class size, number of majors, number of tenured faculty, prospects for retirements, direction of the program(s), use of adjuncts and overload; and any other relevant information. The dean of the appropriate school or college, in consultation with the chairperson, will prepare the foregoing written analysis based on these data. The written analysis will be given to the faculty member with copies forwarded to the DPC and the Provost. If the Provost disagrees with the analysis, he/she will so notify the individual, in writing, explaining the reasons for his/her disagreement. If the DPC disagrees with the analysis, it will so notify the Provost, with copies to the individual, explaining the reasons for its disagreement. If the Provost disagrees with the position of the DPC, he/she will so notify the DPC, explaining the reasons for the disagreement. Any such disagreement shall be submitted within 30 days after the receipt of the analysis or reply thereto with which it is in disagreement. This provision will not apply to those probationary faculty members who elect to take more than three years of prior credit toward the tenure probation period.

5.7 Each department will establish an ad hoc Tenure Committee consisting of full-time faculty members in accordance with the FPS. The procedures described in the FPS will be followed. The department chairperson (if tenured) may participate on this committee but with no greater authority than any faculty member on the Committee.

5.8 The written recommendations of the ad hoc Tenure Committee will be forwarded to the UFPB, to the individual faculty member, to the department chairperson, to the dean of the appropriate school or college, and to the Provost.

5.9 The University Faculty Personnel Board (UFPB) will be constituted as follows:

Seven (7) full-time faculty members, elected as follows.

One (1) elected by full-time faculty from each of the following subdivisions:

(1) Hofstra College, Division of Humanities
(2) Hofstra College, Division of Social Sciences
(3) Hofstra College, Division of Natural Sciences
(4) School of Education
(5) School of Business
(6) New College
(7) Library

A regular adjunct member of the faculty as defined in Section 2.2 will be elected annually by the adjunct faculty. The adjunct faculty member will vote only on matters relating to the adjunct faculty.

5.10 Each full-time member of the UFPB will serve for a term of two (2) years, provided he/she remains a full-time faculty member during such period. Any person elected to the UFPB will not serve on any standing University or school committee.

5.11 The UFPB will establish its own procedures provided that they do not contravene any provisions of this Agreement.

5.12 Any vacancy occurring on the UFPB will be filled by a special election of the affected subdivision within thirty (30) days.

5.13 The UFPB will consider the evaluations and recommendations of the DPC's, or the ad hoc Tenure Committees, and chairpersons, and deans as described in earlier sections of this Article. In cases of non-reappointment and tenure the UFPB will allow the faculty member being reviewed to appear in person if he/she so requests. In all other cases appearance will be at the option of the UFPB. The UFPB will make its own independent evaluation and recommendation regarding the action to be taken. The deans will provide the UFPB with all relevant information in each case, within the time limits set forth in Appendix F annexed hereto.

5.14 The written evaluations and recommendations of the UFPB will be forwarded to the Provost, with copies to the faculty member, chairperson, DPC (or Tenure Committee, when appropriate), and dean.

5.15 The Provost, in making his/her recommendation to the President on reappointment, delisting or non-assignment of adjunct faculty under Section 5.5, promotion, or tenure, will give great weight to the recommendation of the UFPB, especially on judgments of merit. If the Provost disagrees with the UFPB, such unresolved disagreements will be submitted to the UAB for its recommendation to the President. If the President indicates preliminary disagreement with the recommendation of the UFPB and the Provost, which recommendations are in agreement, the issue will then be submitted to the UAB for its recommendation to the President before the President submits his/her recommendation to the Board of Trustees for a final decision.

5.16 The UAB will hear appeals as provided elsewhere in this Agreement and make recommendations in regard thereto to the President. In addition, the UAB will have jurisdiction to hear an appeal from a decision of the appropriate dean regarding an annual evaluation, if the faculty member requests such an appeal, and will make recommendations in regard thereto to the President.

5.17

(a) If the President disagrees with the recommendations of the UAB in any case arising under Section 5.15 or 9.6 of this Agreement, he/she will provide the

UAB, AAUP, and all other appropriate parties with good and sufficient reasons for his/her disagreement, in writing.

(b) If the President disagrees with the recommendations of the UAB in any other case, he/she will provide the UAB, AAUP, and all other appropriate parties with a detailed written explanation of his/her reasons.

5.18

(a) It is understood that any litigation commenced by AAUP under Section 5.17 wherein it is contended that the reasons given by the President are not "good and sufficient" will not be commenced until after the Board of Trustees has acted (where appropriate) or has failed to act within a reasonable time on such case.

(b) It is further understood that the Board of Trustees' right to make a final decision for the University in a matter under Section 5.17 will not be asserted as a defense to any action brought by AAUP contending that the President's reasons were not "good and sufficient."

5.19

(a) The UAB will be composed of five (5) members and two (2) alternates: two (2) faculty members and an alternate designated by the AAUP; two (2) administrators and an alternate designated by the Administration; and a fifth (a member of the Hofstra University community), annually designated by mutual consent of the regular members.

(b) Each regular member of the UAB will serve a two-year term to begin February 1 and end January 31. In the first year of this agreement, one faculty member and one administrator will serve a one-year term; the other faculty member and administrator will serve a two-year term. Thereafter, each member will serve a two-year term. Alternates will serve two-year terms.

(c) The alternates will replace permanent members of their own side whenever an appeal comes from a unit of which they are a member. The alternates, designated by the AAUP and the Administration respectively, will represent units other than those represented by the original two members, and will replace them when an appeal comes from a unit to which the original members belong, so that no member of the UAB will ever have

jurisdiction over an appeal pertaining to his/her unit. Alternates may also substitute for regular members in cases of illness or unavoidable absence. Members of the Provost's staff who did not participate in the formulation of the Provost's position on a particular matter that is before the UAB may serve on the UAB in connection with its consideration of such matter.

(d) The UAB will establish its own procedures provided that they do not contravene any provisions of the Agreement.

5.20 The Administration will notify the appropriate faculty personnel committee of the need to commence the applicable procedure under this article in each case. Unless the Provost has received the recommendations of the appropriate faculty personnel committees hereunder, he/she will not submit his/her recommendation to the President on such matters without first giving two weeks' notice to the defaulting faculty personnel committee.

5.21 The AAUP, within ten (10) days after the date of the decision, will receive written notification of all final decisions to which this Article 5 applies. On all negative decisions, the AAUP will receive within such period a copy of the recommendations of the DPC, Tenure Committee, department chairperson, Dean, UFPB, Provost, UAB, and President, as applicable. As in the past, the AAUP will also receive, upon request and within ten (10) days, a listing of all recommendations from the above sources indicating the source of the recommendation and whether it was "yes" or "no."

ARTICLE 6: WORKING CONDITIONS

6.1 The normal work year for all full-time faculty, excluding those in New College, District 65/District Council 37, the Library, the Speech Clinic, and the Physical Education Department will be from the date two days prior to registration in the Fall semester through the day of graduation after the Spring semester exclusive of the interim session and holidays. The work year for New College, the Physical Education Department, the Library, the Speech Clinic, and District 65/District Counsel 37, will be as set forth in the separate appendices hereto.

6.2 The teaching load for an academic year shall be twenty-four (24) semester hours, normally divided into two (2) semesters consisting of twelve (12) semester hours each, for all faculty, excluding New College, Physical Education, Library, Speech Clinicans and District 65/District Council 37. (See Appendices A, B, C, D, E). Faculty assignments will include the teaching of courses on campus, and off campus assignments which are normally made with the consent of the faculty member involved.

6.3 A semester hour of teaching load will be defined as a semester credit hour for all faculty except for those teaching Physical Education activity courses, which will be determined on the basis of the load models in Appendix B.

6.4 Subject to Sections 6.5 and 6.6, base loads may be fulfilled by the following, in addition to standard course assignments: supervision of master's theses, doctoral dissertations, student teaching, readings and tutorial courses, University Without Walls courses, Special Projects, and such other assignments of this type as may be considered appropriate.

6.5 Faculty members without full teaching loads may owe up to three (3) semester hours per semester for up to one (1) year. This six (6) hour loan may be repaid during summer, intersession, or during the following year, provided it is agreed to by the faculty member involved, the department chairperson, and the dean. Otherwise the faculty member will be placed in a pool for other assignments within the University. Work assignments will be based on a formula of 1 credit hour for 3 hours of work per week for a full semester. An attempt will be made to provide faculty in the pool with appropriate assignments which meet the needs of the University and which can be justified on financial grounds. In any event, faculty in the pool must repay the loan within twelve months of the end of the semester in which the loan was taken, provided course assignments are available.

6.6 Rates for <u>per capita</u> instruction, which normally involves projects such as individual study courses, honors projects, student teaching, internships, master's theses and doctoral dissertations are summarized in a table at the end of this Section. Compensation may be taken either on load, or as a <u>per capita</u> payment. Prior to the start of work the faculty member will propose the method of compensation subject to the approval of the department head and the dean.

Faculty workload for the two semesters of an academic year may normally include up to a maximum of 36 credits of academic work, including the workload equivalents specified in this Article for per capita assignments. A department head may request through normal channels an occasional exception from this maximum, with copies of all correspondence being submitted to the AAUP.

(a) Undergraduate and Graduate Assignments. These include programs presently described as Reading Courses: Special Studies, Senior Papers, Seminars, Research, Special Academic Projects, and other courses taught essentially as tutorials.

Payment is made at the end of the appropriate semester. Each department will determine how the stipend is to be divided among the chair and the other members of the dissertation committee.

(g) Doctoral Interns.*

Stipend: $200 for each 2 student semester hours ($300 for 3 semester hours). A faculty member will be limited to no more than 12 per capita doctoral interns per semester.

*Re: Sections (f)-(g)(above):

*means one teaching hour per 12-student semester hours.

6.7 Overload payments shall be made when the number of semester hours taught exceeds twelve (12) in a semester, except where the faculty member owes semester hours of teaching. Overload can occur only in a department in which all available and qualified full-time faculty throughout the University teach full loads. Full-time faculty members may not teach more than four (4) credits on an overload basis each semester. Intersession and summer sessions will normally be paid as overload except as in Section 6.5 above.

6.8 The parties agree that faculty members should spend sufficient time on campus to carry out all their professional responsibilities effectively.

6.9 The parties agree that as part of their duties full-time faculty members are expected to:

(a) Engage in advisement of students and to attend department meetings and meetings of the school and college as well as University faculty meetings.

(b) Participate in various student-related activities, including, but not limited to: registration (assigned by department heads on a rotating basis), all commencements involving their specific unit, and University-wide convocations.

6.10 The parties agree that as part of their duties faculty members must:

(a) Administer final examinations during the final examination period, and must follow the published time schedule. All exceptions to this rule for giving final examinations must be approved in writing by the department head.

(b) Submit grades within either seventy-two (72) hours or three University working days of the time the final examination is given.

6.11 Average class size will not be increased significantly, except in those courses with average class size below the University norm for courses of the type offered. The norms (to be established by consulting with department members and deans) will be based on the type of course (e.g., lecture, discussion, laboratory, etc.) and the level of the course.

6.12 The number of faculty lines (full-time equivalents) in each department will be determined by the appropriate dean in consultation with the chairperson and the DPC, subject to the approval of the Provost. The number of full-time equivalent lines will be based on projected enrollment in student semester hours, specific curriculum requirements of each department, and the number of sections required. Unresolved disagreements will be submitted to the University Appeal Board (UAB) for its recommendation to the President in accordance with Section 5.17(b).

6.13 The University will defend any faculty member who is made a defendant in any action or proceeding before any court or government agency involving the performance of his/her duties as such faculty member including, but not limited to, teaching duties, acting as a committee member or faculty officer, from and against any losses or liability arising out of such action, unless such faculty member shall be found to have been guilty of intentional misconduct, gross negligence, or to have acted in bad faith or outside the scope of his/her duties as a faculty member.

6.14 The parties agree that the University's commitment to academic excellence includes increased support of full-time teaching faculty development, which shall be implemented as follows:

(1) The University will establish a fund to support faculty (i.e. bargaining unit members) develop-

ment, as provided in paragraph 2, below, consisting of 120 semester hours in each of the academic years 1983-84, 1984-85, 1985-86 to be allocated as a credit against baseload obligation during spring and fall semesters or as compensation at overload rates during summer session.

(2) Among the academic activities to be funded are the following:

a. preparation of grant proposals for outside funding of scholarly activities

b. work on program development

c. unfunded scholarly research which shows promise of leading to a publication

d. any other project which shows promise of improving the academic activities or productivity of the faculty.

(3) In addition to the foregoing, the University may encourage increased productivity among faculty by assigning base load credit for teaching classes of a size significantly in excess of the norm.

(4) Grants may be awarded during the fall, spring or summer sessions, depending upon the needs of the faculty member and University. Grants will be awarded by the Provost upon recommendation of chairpersons and deans and, in cases covered by paragraph 2, by a select committee of three faculty members from each of the schools, colleges and divisions. The committee members will be selected by the dean in consultation with the Executive Committee of the school or college. Specific criteria and procedures for this process shall be published by the Provost by February 1, 1983.

(5) Faculty members who receive grants under paragraph 2 shall submit a report of their projects within three months after the conclusion of the grant. These reports shall be reviewed by the Provost and the appropriate select committee to determine the effectiveness of the work performed under the grant.

(6) Each year the Provost shall inform the faculty in

writing regarding the number and nature of the grants issued under this provision and his/her assessment of their effectiveness.

(7) A faculty member who receives a grant hereunder normally will not carry overload during the semester in which the grant is provided.

6.15 During the second two years of the agreement and the next ensuing year thereafter, the University will grant not less than fifty-two (52) scholarly leaves. During the first two years of such period, the University will attempt to grant seventeen scholarly leaves per year. During the last year of such period, the University will attempt to grant eighteen scholarly leaves. However, it is understood that, either as a result of financial considerations or an agreement between faculty members scheduled to receive such a leave and the University, up to five such leaves may be deferred each of the first three years. Any faculty member whose leave is deferred will be assured of an opportunity to take such leave in the ensuring year. Chairpersons who apply for a leave to be taken in a year subsequent to their resignation as chairperson or subsequent to the completion of their term as chairperson will follow the same application procedure as faculty members, and leave, if granted, will count against the scholarly leaves described in this article; the converse shall apply to faculty members who become administrators.

6.16 The Administration recognizes its commitment to use its best efforts to provide financial support for appropriate faculty research projects and travel expenses in connection therewith, provided it does not interfere with other duties. The amount of such financial support will be determined and allocated by the Administration after consultation with the appropriate committees.

ARTICLE 7: FRINGE BENEFITS

7.1 Except as modified by this Agreement, the current provisions specified in the FS and FPS for TIAA/CREF, medical benefits, life insurance, tuition remission and faculty children scholarships, and other benefits of a similar nature will be continued.

7.2 The University's major medical program with TIAA-CREF will provide for an annual deductible of $100 per

person or $200 per family. The co-insurance clause will provide 100% coverage of non-covered expenses in excess of $7,500. The TIAA-CREF major medical policy as of January 1, 1980 will apply to all full-time members of the bargaining unit and covered dependents provided, however, that (i) all full-time members of the bargaining unit (employed as of 5/1/74) and covered dependents covered by the H.S.I. plan prior to 9/1/79 will continue to receive H.S.I. benefits for out-patient visits for pre-existing (prior to 9/1/79) mental or nervous disorders (maximum annual $1,000) and (ii) all full-time members of the bargaining unit and covered dependents who have commenced treatment for mental or nervous disorders prior to 9/1/79 and were entitled to receive H.S.I. benefits will continue to be entitled to receive the H.S.I. benefits (out-patient and/or in-nospital) for continuation of coverage (mental or nervous disorders) for those conditions (mental or nervous disorders) that existed prior to 9/1/79.

7.3 The University will contribute $25 per month toward basic Blue Cross/Blue Shield family coverage or other basic family coverage in effect for the bargaining unit. Effective September 1, 1983 said contribution will be $30 per month and effective September 1, 1984 said contribution shall be $35 per month.

7.4 The AAUP Fringe Benefits Committee and the University will continually seek improvements of medical and hospitalization benefits provided that such improvements will not increase the present total cost to the University for members of the bargaining unit.

7.5 The University will contribute to TIAA/CREF the following sums: (1) for full-time non-tenured faculty members 5% of the first $16,500 of base salary and 10% of the base salary in excess of $16,500; and (2) for full-time tenured faculty 7.5% of the first $16,500 of base salary and 12 1/2% of the base salary in excess of $16,500. The University's contribution rate to TIAA/CREF will not be affected by increases in Social Security contribution rates.

7.6 After 15 years of consecutive participation in the Hofstra TIAA/CREF retirement program, Hofstra will contribute an additional sum equal to 2.5% of base salary. After 20 years of consecutive participation in the Hofstra TIAA/CREF retirement program, the additional contribution rate will be increased to 5% of base salary. No faculty member will receive less in

Hofstra contributions under this provision than such faculty member received under the immediately prior collective bargaining agreement.

7.7 The University will offer alternatives to TIAA/CREF for retirement fund purposes. The University Vice President and Treasurer, with the participation of the AAUP, will investigate and select the best possible clearing house or mechanism to administer the alternative investment program. Once a program is selected and procedures announced, faculty members will have the opportunity to select whether the University's full contribution will be invested in the TIAA/CREF fund or in an alternative program. There shall be no splitting of the contribution among programs. The procedures applicable to such programs shall be specified in the Memorandum of Agreement attached to this Agreement.

7.8 An adjunct faculty member (as defined in Section 2.2) on the qualified list may be granted unpaid general leave up to one (1) year, provided they have been offered course(s) for the first semester incorporated by the leave of absence. The period of leave shall not count as a period of service, but upon resumption of teaching the adjunct faculty member shall be credited with all service accrued prior to the leave of absence. Approval of a leave of absence shall follow the same procedures as provided for approval of general leave applications for full-time faculty.

7.9 An adjunct faculty member may participate in the University health insurance and life insurance plans, provided that he/she pays all of the necessary premiums and satisfies all requirements of the insurance carriers and only to the extent permitted by the University's insurance carriers. These benefits will be available only if there is no additional cost to the University from the insurance carriers or insurance administrators.

7.10 After completing four (4) regular semesters of service, one (1) course per semester free of tuition will be available to a currently employed adjunct faculty member or his/her spouse or child. After completing ten (10) regular semesters of service, this benefit will be increased to two (2) courses per semester. This benefit does not include courses in doctoral programs, the law school or graduate courses in the case of children. (See Section 2.2 for eligibility.)

7.11 The University will participate in the Tuition Exchange Program providing for full tuition scholarships at participating institutions for two (2) children of

full-time members of the bargaining unit. This program will be suspended when the net negative (net debit units) semester units reach a maximum of twenty-four (24) student semester units and will be reinstated when the net debit units are less than twenty-four (24).

7.12 Normal retirement will begin at the end of the fiscal year (September 1-August 31) in which the individual reaches the age of 65. Mandatory retirement shall begin at the end of the fiscal year (September 1-August 31) in which the individual reaches the age of 70. No TIAA/CREF contributions will be made by the University on behalf of a faculty member who is employed beyond age 65. In addition, a faculty member employed beyond age 65 will receive medical and life insurance benefits as outlined in Faculty Policy Series 28.

7.13 After twenty (20) years of service at Hofstra and reaching age sixty (60), a person may choose a reduction in teaching load up to mandatory retirement age, except where the Provost reasonably determines that the needs of the department or college dictate otherwise, which determination and reasons therefor shall be provided in writing. This involves teaching fewer than twelve (12) hours per semester at a prorated salary. Such faculty member will receive full fringe benefits, including TIAA/CREF (based on pro-rated salary) up to age sixty-five (65) and the benefits noted in Section 7.12 beyond age 65.

7.14 Early retirement benefits are available to full-time faculty with ten years of full-time continuous service at Hofstra and who have reached age 60. Election for such benefits must be made in writing by the faculty member at least six (6) months prior to the start of the semester in which the faculty member will first be on retirement, except for cases in which there has been a significant change in the faculty member's, or his/her immediate family's, health causing the election for early retirement benefits.

7.15 The group life insurance schedule for the early retiree will remain the same as before retirement to age 65 and be reduced to $5,000 of coverage at age 65 and further reduced to $2,500 at age 70, with the University paying the full premium.

7.16 A full-time faculty member who elects early retirement will remain in the Hospital-Medical

and Major Medical plans on the same basis as before retirement until he/she attains age 65, at which time the Hospital-Medical plan becomes supplemental to Medicare.

7.17

(a) Voluntary Early Retirement will be available to all full time faculty members between the ages of 60 to 64 inclusive who, at the time of commencement of payments hereunder, will have met the requirements of Section 7.14. Amounts provided under this plan will be as follows:

Retirement Age	10 through 19 years	20 years or over
60	100%	125%
61	90%	110%
62	80%	90%
63	65%	70%
64	50%	50%

All amounts are a percentage of his/her last academic year's base salary. Such amounts will be paid either (a) in equal monthly installments, commencing at the beginning of the academic year in which such early retirement commences and continuing until the end of the academic year in which the faculty member reaches age 65 or (b) in a lump sum, subject to the discounts set forth below.

(b) Discounted lump sum payments shall be as follows:

Age	Discounted lump sum payment
60	80%
61	84%
62	88%
63	92%
64	96%

The percentage for lump sum payments shall be a percentage of the amount indicated in the table contained in Section 7.17(a).

(c) A faculty member may elect to have part or all of the installment (or lump sum) payment deposited into his/her TIAA/CREF account.

(d) In the event of death prior to age 65, the remaining unpaid amounts will be paid in a lump sum without discount to the estate of the faculty member. There would be no Social Security deductions or University contributions to TIAA/CREF applicable to these payments.

7.18 All regular full-time faculty members who are employed by the University for twenty years or more and retire between the ages of 65 and 67 shall be eligible for a retirement bonus based upon a percentage of their last academic year's base salary as specified herein. This bonus shall be in addition to any other retirement bonus provided for in FPS 28. Those faculty members who retire at age 65 with twenty or more years of service shall receive a retirement bonus of thirty-five percent (35%) of their last academic year's base salary. Those faculty members who are age 66 at the time of retirement and are employed by the University for twenty years or more shall receive a retirement bonus of twenty-five percent (25%) of their last academic year's base salary. Those faculty members who retire at age 67 with twenty or more years of service with the University shall receive a retirement bonus of fifteen percent (15%) of their last academic year's base salary.

ARTICLE 8: COMPENSATION

8.1 Effective September 1, 1982, all continuing full-time members of the bargaining unit will receive a wage increase in their base salary of 6%. Effective September 1, 1983, all continuing full-time members of the bargaining unit will receive a wage increase in their base salary of 8%. Effective September 1, 1984, all continuing full-time members of the bargaining unit will receive a wage increase in their base salary of 7%.

8.2 All full-time continuing members of the bargaining unit as of September 1, 1982, will receive a base salary adjustment of $1025 applied after the wage increase indicated in Section 8.1.

8.3 Effective September 1, 1982 continuing adjunct faculty will receive a wage adjustment of ten percent (10%). Effective September 1, 1983, continuing adjunct faculty will receive a wage adjustment of eight percent (8%).

Effective September 1, 1984, continuing adjunct faculty will receive a wage adjustment of seven percent (7%). For the purpose of this Section 8.3, continuing adjunct faculty will mean adjunct faculty that have taught courses at the University for at least one regular semester within the last six regular semesters. The same increase in compensation will apply to overload pay rates.

8.4 All regular adjunct faculty members will receive a wage adjustment of five percent (5%) in the semester following his/her tenth semester of employment by the University. All regular adjunct faculty members shall receive an additional five percent (5%) wage adjustment in the semester following his/her twentieth semester of employment by the University.

8.5 Effective September 1, 1982, the minimum base rates of pay for full-time and adjunct faculty are as follows:

A-Full-Time:	
Instructor	$14,000
Assistant Professor	15,500
Associate Professor	17,500
Professor	21,000
B-Adjunct:	
Adjunct Instructor	$350 per s.h.
Adjunct Asst. Professor	380 per s.h.
Adjunct Assoc. Professor	410 per s.h.
Adjunct Professor	440 per s.h.

ARTICLE 9: REDUCTION OF FACULTY AS A CONSEQUENCE OF CURRICULAR CURTAILMENT OR FINANCIAL EXIGENCY

9.1 This Article specifies the means by which the University may effect a reduction in the number of full-time faculty for reasons of declining enrollment, curricular curtailment, course elimination, or financial factors within the affected academic unit, including the failure to reappoint probationary faculty for any of the above stated reasons; or for financial exigency of the University.

9.2 When there is a demonstrable need to terminate faculty, as specified above, the Administration, in consultation with the departments involved, will pursue alternatives that will allow such faculty to remain employed at the University. Specific measures taken may include, but will not be limited to, each of the following:

(a) Provide an opportunity for full-time and adjunct faculty to apply for vacant teaching positions for which they are qualified, in other areas of the University.

(b) Provide an opportunity for full-time faculty to complete full-time teaching loads in another area of the University in which they are qualified.

(c) Provide an opportunity for full-time faculty without full-time teaching loads to apply for part-time, non-teaching or administrative duties where vacancies exist in order to complete full-time work loads, provided that they are qualified for such positions.

(d) Other options which may be considered are:

(1) Joint teaching assignments at other institutions while retaining tenure, seniority and fringe benefits.

(2) Faculty with inadequate qualifications to teach in another area may be retrained up to a maximum of one semester during the terminal year, and continued during such period on base salary on a reduced load basis during the retraining period with no charge for courses taken at Hofstra and with fringe benefits continued.

(3) Transfer to vacant non-teaching positions for which he/she is qualified.

(4) Offer of reduced load on a pro-rated basis without loss of tenure and such fringe benefits as are permitted under existing contracts with insurance carriers.

(5) Early retirement. (See Sections 7.13-7.17).

9.3 All of the options referred to above must be agreed to by both the administration and the faculty member involved.

9.4 Reduction of faculty in a given department shall be accomplished on the following bases: (References to service indicate service at Hofstra only.)

(a) Eliminate faculty overload within the department where there are faculty without full work loads who are qualified to teach such overload courses.

(b) Eliminate teaching duties by administrators in the affected department unless it can be demonstrated that the administrator's teaching does not contribute to the termination of the full-time or adjunct member nor reduce the normal load of an adjunct member.

(c) Terminate teaching assistants and teaching interns who have full responsibility for courses within the affected department.

(d) If the department or program (e.g., District 65/District Council 37, or any other similar program not historically within any department) has more than 20% of its sections taught by adjunct faculty, reduction will next take place among adjunct faculty in the affected department or program according to seniority, provided that the senior faculty member is qualified to teach the courses in question, until adjunct faculty are covering no more than 20% of the scheduled sections in that department or program. For purposes of this Section (9.4(d)) seniority will be determined on the basis of total number of semesters taught at Hofstra, but not in excess of 2 per year. Semesters taught prior to any period of two years in which no teaching took place shall not count towards seniority. Consistent with departmental or program needs, any reduction in an adjunct faculty member's load must be restored before a less senior adjunct is rehired or a new adjunct faculty member is hired.

(e) If the department or program has 20% or fewer of its courses taught by adjunct faculty, or 20% has been reached under Section 9.4(d), reduction will next take place among non-tenured, full-time faculty according to seniority within such group in the affected department or program provided that the senior faculty member is qualified to teach the courses in question. In no event will such reduction of non-tenured full-time faculty result in 20% or more of the sections in the department or program being taught by adjunct faculty.

(f) Reduction will next take place among the remaining adjunct faculty in the department on the basis of seniority.

(g) Reduction will next take place among tenured, full-time faculty members according to seniority in the department affected, provided the senior member is qualified to teach the courses in question.

(h) Where a faculty member has taught in more than one (1) department or served the University in other capacities, his/her seniority for purposes of this Article shall be based upon the cumulative total of years at Hofstra. If two (2) or more departments are combined, seniority will be based on the cumulative total of years at Hofstra. The 20% relationship provided in this Section 9.4 shall not be construed to apply to any context other than seniority for the purposes stated in this section.

9.5 In no case may a tenured full-time faculty member be released hereunder, if there are twelve (12) semester hours of unassigned courses for each of both semesters that he/she is qualified to teach in any department.

9.6 The initial recommendations hereunder regarding the qualifications of the individual will be made independently by both the chairperson and the DPC, subject to review by the UFPB and the dean, both of whom will recommend to the Provost. If there is disagreement between the UFPB and the Provost, the matter will be appealed to the UAB, which will make its recommendation in accordance with Section 5.16.

9.7 Any proposal by the Administration to reduce the size of the faculty as set forth above will be submitted in writing to the AAUP and to the department directly affected as soon as possible after the proposal is formulated, but not later than one month prior to the issuance of any notices of termination under Section 9.9 (excluding members with two (2) years or less of service at Hofstra). The proposal will contain: the number of proposed reductions identified by program, department, or college; the timetable; and a brief statement of justification and ramifications.

9.8 Within two weeks of receipt of such a proposal, the AAUP will make recommendations to the President. The President and, where appropriate, the Board of Trustees, will give great weight to the recommendations of the AAUP. If there is disagreement between the AAUP and the President, the President will submit a detailed statement of reasons in writing to the AAUP within two (2) weeks of the AAUP's response. If there is still disagreement, the proposal will be submitted to the UAB, which will make its recommendation in accordance with Section 5.16.

9.9 Full-time faculty members with more than two (2) years of consecutive service at Hofstra University will be given notice of termination not later than October 31 and the termination will be effective twelve (12) months thereafter.

(a) Faculty members who receive notice of termination and who do not have a full teaching load during the one-year notice period, will be placed in a "hold-for-assignment pool." They will be required to be on campus on a full-time basis and available for assignment as needed. Where full-time administrative positions are vacant, efforts will be made to fill these positions with qualified faculty in the pool.

(b) Tenured faculty who are terminated under this Article will be recalled by the University according to seniority for a period of up to five (5) years after the effective date of termination in the event that the University is able to provide a full work load for which the faculty member is qualified.

(c) Non-tenured faculty who are terminated under this Article will be recalled by the University according to seniority for a period of up to three (3) years after the effective date of termination in the event that the University is able to provide a full work load for which the faculty member is qualified.

(d) Notwithstanding anything to the contrary contained herein, in the event that changing teaching requirements of the departments call for additional sections, qualified terminated faculty will be offered teaching assignments in order of

seniority. Should the full-time faculty who were terminated in the department or program decline the assignment, it may be offered first to a qualified adjunct faculty member, next to a qualified administrator, and finally to a qualified full-time faculty member as overload.

9.10 Non-tenured full-time faculty members without teaching assignments in the hold-for-assignment pool who have received notice of termination and who elect to resign within thirty (30) days of receipt of such notice, will be given severance pay of one month's salary for each year of full-time service at Hofstra with a minimum of three and a maximum of six months' severance pay.

9.11 After the effective date of termination of a tenured faculty member under this article, he/she will receive one-half month's salary for each year of non-tenured service at Hofstra and one month's salary for each year of tenured service at Hofstra, with a maximum of twelve (12) months' severance pay. Those faculty members with over 20 years of service at Hofstra, will receive eighteen (18) month's salary as severance pay. This provision will be in lieu of the allowance under Section 7.17, Early Retirement.

9.12 Payments under Sections 9.10 and 9.11 may be made on a monthly basis, the number of months to be agreed to by the faculty member and the Administration.

9.13 Recalled tenured faculty members will have tenure and rank continued but will not have the period of layoff counted in total years of service for purposes of seniority. Recalled non-tenured faculty will have rank continued but will not have the period of layoff counted in total years of service for purposes of satisfying the probationary period for tenure or for purposes of seniority.

9.14 A terminated faculty member who is offered recall must respond to the offer in writing within twenty (20) days, or else lose any recall rights. If the semester starts within sixty (60) days of such notice, the faculty member who has responded within the required twenty (20) days will have the option to return for the semester after the one scheduled to begin within sixty (60) days of such notice, provided courses are still available, and the Uni-

versity will have the right to hire adjunct faculty until his/her return.

9.15 Any faculty member who is recalled under this article will have all rights restored as provided by the FS and FPS.

9.16 Financial exigency will be declared when it appears that there will be an inability of the University to meet its financial commitments in any fiscal year. The reduction of faculty, as a consequence of bona fide financial exigency, will be accomplished as soon as possible after the official declaration in accordance with procedures set forth in this article.

9.17 Prior to the reduction of faculty because of bona fide financial exigency, the Administration will consult with the appropriate academic constituencies, including the AAUP, and take steps to attempt to curtail costs in other areas, such as the indirect costs of sustaining non-academic and academic programs. Also, consideration will be given to the reduction in the number of administrative and support lines and the filling of academic and administrative vacancies with qualified members of the Hofstra faculty. Attempts will continue to be made to increase revenue by all feasible means.

ARTICLE 10: NO STRIKE, WORK STOPPAGE OR LOCKOUT

10.1 The AAUP and the University subscribe to the principle that any and all differences under this Agreement be resolved by peaceful and appropriate means without interruption of the University program. The AAUP, its officers, agents, affiliates, and faculty covered by this Agreement agree that during the term of this Agreement, they will not instigate, engage in, encourage, or condone any strike, work stoppage, or other acts that interfere with the University's operations.

10.2 The University agees that during the term of this Agreement, it will not lock out any or all of the faculty members covered by this Agreement.

ARTICLE 11: GRIEVANCE AND ARBITRATION PROCEDURE

11.1

(a) Purpose - The purpose of this article is to provide a prompt and efficient procedure for the investigation and resolution of grievances as defined herein.

(b) Definition - A grievance is an allegation by either the AAUP or the University that there has been a breach, misinterpretation or improper application of the terms of this Agreement. The grievance and arbitration procedures provided for herein will not include any complaints relating to appointment, reappointment, promotion, tenure or annual evaluation which are dealt with by the UAB. It will include any complaints alleging that in a promotion or tenure matter, the Board of Trustees and/or the President: (i) have acted in an arbitrary or capricious manner; (ii) have failed to apply written criteria of the University; provided, however, that the merits of the judgment will not be subject to arbitration hereunder; or (iii) have violated procedural due process under this Agreement. In the cases (ii) and (iii), the arbitrator's authority will be limited to remanding the matter for compliance with procedural due process under this Agreement and/or compliance with the written criteria of the University. The arbitrator may extend the term of an appointment to permit compliance but any such extension will not result in de facto tenure.

11.2

(a) Grievance Procedure - Grievances may be filed by the AAUP on behalf of any member or group of members, or by the University. A written grievance must be filed with the Provost within thirty (30) days after the event or state of facts giving rise to the grievance become known to the grieving party. In addition, grievances must be filed within four (4) months of the occurrence of the facts giving rise to the grievance, except that there will be no such limitation regarding a claim that the University miscalculated the salary payable to a faculty member.

(b) Any grievance brought by a faculty member, or the AAUP on behalf of such faculty member, complaining about any evaluation, will be discussed between the faculty member involved and the dean. If the grievance is not satisfactorily resolved by the dean, the faculty member may appeal to the UAB.

(c) Step One - Conferences wll be held in an effort to settle the grievance at the departmental level between the University's representative, the faculty member or members involved and a representative of the AAUP. Such conferences will take place within seven (7) calendar days after the grievance is filed. If the grievance is not settled at Step One, the University's representative will, within seven (7) calendar days after the last conference, deliver a signed statement of his/her position to the AAUP and the faculty member or members involved.

(d) Step Two - The Step One response may be appealed by filing a written notice of appeal with the dean of the affected college or school within seven (7) calendar days after receipt of the written Step One response. The dean will, within seven (7) calendar days after receipt of the notice of appeal, confer with the AAUP representative, the faculty member or members involved and any other persons with knowledge of the facts, including the appropriate department chairperson, in an effort to resolve the grievance. If the grievance is not settled at Step Two, the dean will, within seven (7) calendar days after the last conference, deliver a signed statement of the University's position to the AAUP and the affected faculty member or members.

(e) Step Three - The Step Two response may be appealed by filing a written notice of appeal with the Provost within seven (7) calendar days after receipt of the written Step Two response. The Provost will, within seven (7) calendar days after receipt of the notice of appeal, confer with the AAUP representative, the faculty member or members involved and any other persons with knowledge of the facts, in an effort to resolve the grievance. If the grievance is not settled at Step Three, the Provost will, within seven (7) calendar days after the last conference deliver a signed statement of the University's final position to the AAUP and the faculty member or members involved.

(f) Step Four - If the grievance is not resolved at Step Three within ninety (90) days of the determination made at Step Three, either party may commence an arbitration proceeding before the American Arbitration Association in accordance with its voluntary Labor Rules then in effect, by serving the other

party with a written notice of intention to arbitrate. All costs of such arbitration, exclusive of counsel and witness fees, will be shared by the parties. There will be no outside arbitration with regard to issues arising in connection with appointment, reappointment, promotion, tenure or annual evaluations (except as provided in Section 11.1 (b) hereof), which matters will be resolved in accordance with procedures provided for under Article 5 of this Agreement.

(g) All time limitations provided for in the preceding four (4) steps may be extended by mutual agreement of the parties.

(h) In the event that either party alleges a violation of Article 10 ("NO STRIKE, WORK STOPPAGE, OR LOCKOUT"), such party may waive Steps 1 through 3 and proceed immediately to arbitration before the American Arbitration Association.

ARTICLE 12: MERGER OR ACQUISITION

In the event that Hofstra University merges with or acquires any other educational institution or portion thereof, the faculty members of such educational institution who become employed by the University automatically will become part of the bargaining unit set forth hereinabove in Section 2.2, provided that such faculty members are not then represented by another labor organization and further provided that the inclusion of such faculty members in this bargaining unit does not violate the law as it may be constituted.

ARTICLE 13: RELEASED TIME

A total of thirty (30) credit hours per year of released time will be apportioned as follows: three (3) credit hours of released time will be allocated to the AAUP to be apportioned in such proportions as it shall deem appropriate; the President of the AAUP will receive six (6) credit hours per year of released time, normally at the rate of three (3) semester hours per semester; six (6) credit hours per year released time will be allocated to the chairperson of the UFPB; six

(6) credit hours per year will be allocated to the faculty members serving on the UAB; and an additional maximum of nine (9) credit hours per year will be allocated to faculty members serving on committees in such proportions as shall be agreed to between the AAUP and the Provost.

ARTICLE 14: UNION SECURITY AND CHECK-OFF

14.1 The AAUP and the University agree that any full-time member of the collective bargaining unit must pay such dues and assessments as are from time to time authorized and collected from the membership of the AAUP.

14.2 A member of the collective bargaining unit may request exemption by right of conscience from the payment of chapter dues and assessments by filing a written affidavit giving reasons for such objection to any participation in or support of collective bargaining activities on behalf of the Hofstra Chapter of AAUP. Such affidavit will be filed with the President of the University and the President of the AAUP and will thereby exempt the collective bargaining unit member from the "Dues" provisions of this Agreement. Any such exempt person will be expected to contribute a sum equal to the dues to any campus use such as scholarships and library, but not to be used to modify salaries. These monies will be distributed by the Administration.

14.3 The AAUP will submit to the Administration signed voluntary check-off authorization cards. Thereafter, the University will deduct dues in twenty-four (24) equal installments from the faculty pay checks commencing September 1 of each year; if authorization is received after September 1, the dues will be deducted in equal installments in the remaining pay periods of the fiscal year. The University will remit the receipts to the AAUP within thirty (30) days after deduction.

14.4 Adjunct members of the collective bargaining unit are exempt from this clause. Their dues and assessments will be paid directly to the Treasurer of the AAUP.

ARTICLE 15: SEPARABILITY

In the event that any provision of this Agreement, in whole or in part, is declared to be illegal, void, or invalid by any court of competent jurisdiction or any administrative agency having jurisdiction, all of the other terms, conditions and provisions of this Agreement will remain in full force and effect.

ARTICLE 16: INTEREST SUCCESSION

All the terms and conditions of this Agreement will be binding upon and inure to the benefit of each of the parties hereto and their respective successors and assigns.

ARTICLE 17: NON-DISCRMINATION CLAUSE

Neither party will discriminate against any faculty member because of race, creed, color, national origin, physical disability, age, sex, marital status, or union activity.

ARTICLE 18: PERSONNEL FILES

18.1 Except as otherwise provided, a faculty member will be entitled to review his/her personnel files from time to time, upon reasonable notice to and under the supervision of the Provost or other person or committee maintaining such files and will have the right to include such additional information in his/her file as he/she considers necessary or desirable.

18.2 Confidential communications included in a faculty member's personnel file will be identified and treated as confidential and the faculty member involved will not be permitted to review such information unless such confidentiality is waived by the originator of such confidential communication. Upon request, the substance of the communication will be forwarded to the faculty member involved when, in the opinion of the Provost or other person or committee maintaining such files, the identity of the originator of such confidential communication will not be revealed. The faculty member involved will have the opportunity to

respond in writing and will be permitted to include such response in his/her official file. Any confidential material added to the file on or after February 1, 1977 must be stamped CONFIDENTIAL and the substance of such material will be provided to the faculty member involved upon request.

ARTICLE 19: AFFIRMATIVE ACTION COMMITTEE

The President of the University will appoint an Affirmative Action Officer from among candidates (at least 2) recommended to her/him after a search by the then current Affirmative Action Committee. This Officer will serve on at least a half-time basis with staff support. The Affirmative Action Committee shall include: (a) one (1) member elected by each of the following constituencies: Faculty, Chairpersons, Administration, Staff, and Students: and (b) to ensure appropriate representation of minorities, women, and the handicapped, members at large may be selected by the Affirmative Action Committee, subject to the approval of the President of the University. The JSC will have the authority to alter the composition of this Committee. The duties of the Affirmative Action Committee will be to:

(2) Conduct an ongoing review of Affirmative Action and compliance with Federal regulations on campus.

(3) Supply the faculty with an annual written report of its findings.

(4) Develop recommendations for affirmative action programs and projects.

(5) Advise the President and the Affirmative Action Officer with respect to the foregoing.

ARTICLE 20: AFFIRMATION OF FULL DISCLOSURE

(a) The administration agrees that it will provide the AAUP with the Treasurer's Annual Financial Statement, the Auditor's Certified Annual Report, the Approved Budget of the University (promptly after approval by the Board of Trustees), the University's Monthly Budget Reports and the Income and Direct Expenditure Report for each of the departments and schools. A sample monthly budget report and a sample income and expenditure report have been initialled by the parties.

(b) For members of the bargaining unit, the Administration will provide salaries, personnel changes, prospective personnel changes (appointment, reappointment, promotion, tenure, retirement, leaves), along with timetables for implementation of such prospective personnel changes. It will also inform the AAUP in writing of any modifications of policies that will directly or indirectly affect the faculty, and of any increases in aggregate salary for any faculty constituency.

ARTICLE 21: PAST PRACTICES

All well established practices which benefit at least five (5) members of the bargaining unit in a significant manner will be maintained, unless modified by this Agreement or by mutual consent. For cases involving fewer than five (5) faculty members, the Joint Standing Committee will meet to resolve the problem.

ARTICLE 22: DEPARTMENT CHAIRPERSONS

22.1 All chairpersons, as of the effective date of this Agreement, will serve for the balance of their present terms. Upon the expiration of their current term as chairpersons, the procedures set forth hereafter will be invoked to fill such vacancies.

22.2 In departments needing to choose a chairperson, the procedures to be followed will be either those specified in FPS 13 and 14 or a different procedure approved by the department for proposing candidates.

Should the department choose to adopt a procedure other than FPS 13 and 14, the department will first meet with the dean to explore with him/her the procedure it contemplates. The standard by which the department will determine upon a procedure will be the protection of both the department's rights to consultation and the dean's right to choose after having received the advice of the department members, while advancing the harmony and other best interests of the department, the school and the University. After the adopted procedure for recommendation of candidates by department members has been completed, the dean will recommend his/her choice to the Provost, subject to the approval of the President and the Board of Trustees.

22.3 Chairpersons will normally serve for not more than two consecutive three-year terms.

22.4 Chairpersons will be evaluated annually according to the procedures established by the University Senate.

22.5 In the event either that two thirds of the membership of a department petition the dean for removal of a chairperson or that the dean requests such removal, which petition or request shall state good cause, the dean will meet with the department for explanation and exchange of views. If the petition or request is not thereupon withdrawn, the position will be deemed vacant and the procedure set forth above for filling a vacancy will be employed.

ARTICLE 23: ADJUNCT FACULTY AND SPECIAL FACULTY STATUS

23.1 Adjunct Faculty shall be designated as Adjunct Instructor, Adjunct Assistant Professor, Adjunct Associate Professor, and Adjunct Professor. The criteria for such adjunct faculty ranks shall be as set forth in the applicable Faculty Policy Series, as amended on or about November 15, 1982.

23.2 The title Special will designate any full-time faculty appointment for less than the appropriate time period designated by the Faculty Statutes (i.e., Special Instructor, Special Assistant Professor, Special Associate Professor, Special Professor).

23.3 Instructors who normally receive a one-year contract will be designated "Special" when they receive a one semester contract.

23.4 All ranks of the professoriate who would normally receive a two-year contract will be termed "Special" whenever the contract will be less than two years.

ARTICLE 24: DURATION AND EFFECTIVE DATE

24.1 This Agreement will be effective as of the first day of September, 1982 and will expire on the thirty-first day of August 1985.

APPENDIX G

MEMORANDUM OF UNDERSTANDING

BETWEEN

HOFSTRA UNIVERSITY

AND

THE AMERICAN ASSOCIATION
OF UNIVERSITY PROFESSORS

During the course of negotiations which led to the Collective Bargaining Agreement between Hofstra University and the American Association of University Professors for the period September 1, 1982 through August 31, 1985 and prior Collective Bargaining Agreements, certain proposals were accepted by both parties based upon the understandings of each party. This memorandum is intended to codify those understandings.

A. Section 3.4

It is agreed between the parties that the deletion of the parenthetical phrase of Section 3.4 of the Collective Bargaining Agreement which expired on August 31, 1982, was not intended to change any of the rights or remedies that existed under the 1979-1982 Collective Bargaining Agreement.

B. Section 3.5

It is agreed between the parties that the deletion of the second sentence of Section 3.5 of the Collective

Bargaining Agreement, which expired on August 31, 1979, was on the basis of redundancy and is not intended to change any rights or remedies that existed under the 1976-1979 Collective Bargaining Agreement.

C. Section 5.21

Section 5.21 of the Collective Bargaining Agreement will not be interpreted to limit or restrict any other right to information which the AAUP may have concerning the decisions and procedures provided in Article 5.

D. Section 6.6

Subsections f and g of Section 6.6 to mean that there will be no compensation for the supervision of doctoral dissertations, whether on load or on stipend, during the semesters, if any, between the first and the last. If the supervision is made on load, and if it extends for more than two semesters, there will be an additional compensation of $50 after the last semester of supervision.

E. Section 6.13

This Article shall not be construed to limit or restrict any rights of indemnity to which any faculty member may be entitled by law.

F. Article 7

The 'medical benefits' to 'be continued,' as set forth in the first sentence of Section 7.1, shall be the Blue Cross/Blue Shield benefits in effect as of September 1, 1979 as modified by Section 7.3 and the TIAA-CREF major medical benefits in the TIAA-CREF major medical policy as of January 1, 1980, as modified by Section 7.2 of this Agreement.

G. Section 7.2

The right of the persons covered by clause (ii) in Section 7.2 to receive "out-patient and/or in-hospital" benefits is dependent on the fact that they "have commenced treatment for mental or nervous disorders prior to 9/1/79", whether or not such treatment was out-patient or in-hospital. Thus, a person covered by clause (ii) who commenced either in-hospital or out-patient treatment prior to September 1, 1979 is entitled to HSI benefits for either out-patient or in-hospital treatment, or both out-patient and in-hospital treatment.

H. Section 7.7

As set forth in Section 7.7 of the Collective Bargaining Agreement, effective January 1, 1983, the University will offer alternatives to TIAA/CREF. It is understood that

in order to participate in such alternative retirement programs, a faculty member must:

1. Complete an authorization form indicating the investment organization to which contributions are to be submitted.
2. A faculty member's selection would be limited to a single investment organization as an alternative to TIAA/CREF.
3. Selection or change of investment organization may occur only one time per calendar year, effective January 1st of each year.
4. A release form absolving the University of any liability in connection with the financial conditions of the selected organization, its earnings, and the accumulation in the individual's account, prepared by the University, must accompany each application.

I. Section 7.17

The amount to be paid pursuant to Section 7.17 is payable from the time of retirement "until the end of the academic year in which the faculty member reaches age 65," as the language clearly provides. Thus, a faculty member

with an annual salary of $20,000, per year who retires at age 60 would be paid a total (depending on length of service) of either $20,000 or $25,000, spread out over the years between the year in which his early retirement commences and the year in which he or she reached age 65.

J. Section 8.4

The parties agree that for implementation of Section 8.4, adjunct faculty members who, as of September 1, 1982, have completed ten but less than twenty regular semesters of employment, would receive a 5% longevity increase, and that adjunct faculty who, as of September 1, 1982, have completed twenty or more regular semesters of employment would receive a 10% longevity increase.

K. Article 17

The parties stipulate that in cases involving alleged violations of Section 17 of the Collective Bargaining Agreement, the standards to be used by the trier of fact will be those established by comparable local, state, and federal laws.

L. Article 19

It is understood that the President of the University, if not satisfied with the names submitted by the

Affirmative Action Committee, may request additional names in accordance with normal search procedures.

M. Article 23

The parties agree that criteria for adjunct promotion will be established which will be comparable to the criteria for full-time faculty promotions (F.S. V B). These criteria will be written on or before November 15, 1982, by a committee consisting of the Provost, the President of the AAUP, and the Chairman of the Executive Committee of the Senate. The agreed-upon Section 5.5 will be implemented in the semester following agreement upon the criteria. The agreed-upon Section 8.4 will be implemented retroactive to September 1, 1982 following agreement upon the criteria. All pending adjunct promotions filed before September 1, 1982 shall be adjudicated on the basis of criteria extant when the application was filed. Applications filed on or after September 1, 1982 will be suspended pending agreement on the criteria and adjudicated thereafter on the basis of the new criteria.

N. Tuition Remission

The parties agree that dependent children and spouses of full-time faculty members who become disabled

while in the employ of the University or dependent children of full-time members who have served ten years and retired at age 60 or beyond will be eligible for tuition remission privileges as outlined in FPS 26, I, III, and IV. All tuition remission privileges as outlined in FPS 26, Section I, III, and IV and FPS 30 for dependent children will include the cooperative plan with Adelphi so long as that plan remains in effect.

O. Adjunct Faculty Semesters

The parties agree that whenever the academic or regular semesters are used with reference to adjunct faculty, unless specifically included, such semesters shall exclude the summer sessions and intersessions at the University.
